Awarded Design-Build Team	United Infrastructure Group, Inc. (contractor) Infrastructure Consulting & Engineering (designer)
Contract Value	\$9,193,270.00
Selection Method	Two Phase Low Bid
Let Date	July 21, 2017
Anticipated Completion Date	September 3, 2020
Explanation if project was <u>not</u> awarded to Proposer with the lowest price proposal	Project was awarded to the Proposer with the lowest price proposal.

**Design-Build Project 2018-4**

Project Name	Courtland Street Bridge Replacement
Project Number	PI 752015-
County	Fulton
Project Description	<p>The project includes the construction necessary to replace the Courtland Street Bridge between Martin Luther King Jr. Drive and Gilmer Street. The existing Courtland Street Bridge over MARTA, CSX, and Decatur Street is 1,077 feet long and has 28 spans with a maximum span length of 84 feet. The proposed project replaces the bridge structure entirely because of the deteriorating condition of the bridge. The bridge dimensions and vertical profile will remain the same. Span at CSX will be increased to allow for a third track.</p>
Awarded Design-Build Team	C.W. Matthews Contracting Co (contractor) Michael Baker International (designer)
Contract Value	\$21,073,291.58
Selection Method	Best Value
Let Date	July 21, 2017
Anticipated Completion Date	October 22, 2018
Explanation if project was <u>not</u> awarded to Proposer with the lowest price proposal	Project was awarded to the Proposer with the best value price proposal.
